PROFILE

Motivated and passionate Full Stack Developer with a degree from ISTA (Morocco) and hands-on experience building dynamic web applications using modern technologies like Laravel, React, Node.js, and MySQL. Adept at solving complex problems, collaborating in teams, and building real-world applications. Eager to contribute to impactful projects and continue growing as a developer.

EXPERIENCE

Internship – Web Developer

Mar2025
(1 month, unpaid)

- Collaborated in a small team to develop a calendar web app using Laravel.
- Participated in planning, backend development, and UI integration.
- Gained real-world exposure to team-based development workflows.

EDUCATION

Diploma in Digital Development – Full Stack Web Development 2023-2025

2-year intensive program covering front-end and back-end technologies.

SKILL

- Languages & Frameworks: **PHP, JavaScript, Laravel, Node.js, Express, React.js**
- Databases: **MySQL, MongoDB**
- Tools & Technologies: **Git, Docker, Tailwind CSS, Blade**
- Other: **REST APIs, MVC** architecture, **CRUD** operations, Authentication systems

PROJECTS

Calendar App Laravel, Blade – Team Project

- Built a functional internal calendar system for staff scheduling during a 1-month internship at ISTA.
- Worked in a collaborative team environment, using Git for version control and Blade for templating.

Mini E-commerce (React)

- Designed a responsive product listing and shopping cart system using React.
- Implemented filtering, dynamic routing, and local storage cart persistence.

Task Manager Dashboard (Laravel + Vue.js)

- Created a dashboard for tracking tasks and status updates with authentication and role-based access.

Problem-Solving Mini Apps

- Developed several utilities like a to-do list, quiz app, weather app, and budget tracker using JavaScript and React.
